CASUAL CONVERSATION
C. ANTHONY JONES, MD –
FOUNDER & CEO @ FRONTIVE

WHEN
February 20\textsuperscript{th} | 12-1pm

WHERE
1830 E. Monument St.
Bldg., 6\textsuperscript{th} floor, Vivian Foster Conference Room (Rm. 602)

Anthony Jones is a healthcare executive with more than 25 years of industry experience. He’s the Founder and CEO of Frontive, a company combining artificial intelligence and smart speakers to create personal health assistants for patients and caregivers managing complex care situations. Prior to Frontive, he was Chief Commercial Officer for Lumiata, a predictive health analytics company, and also served as Chief Marketing Officer for Philips Healthcare’s Patient Care & Monitoring Solutions group, a $3 billion global business. Prior to Philips, Anthony founded Next Lifesciences, a healthcare marketing strategy firm, preceded by his role as the general manager of Scient’s Health & Wellness business and a management consultant at Deloitte.

He received his medical degree from the Johns Hopkins University School of Medicine, followed by a postdoctoral fellowship in medical informatics at Columbia University. Anthony is a regular contributor to several healthcare, technology and media outlets. He is also co-author of the popular Healthcare Napkins series on Slideshare that has garnered over 1.5 million downloads to date.

The Casual Conversations Series is a monthly career exploration event where professionals share their career path and answer any questions you might have. YOU drive the conversation and content.
